### REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: none of the prior art of record fairly discloses or renders obvious the claimed ball assembly as recited, in particular the annular seat with the ball disposed in the housing and the conductive adapter and contact element electrically coupling the adapter and the ball. Other independent claims recited further limitations.

The ball bearing assembly of the Pedersen et al. publications fail to disclose the limitations as recited above and in the independent claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
